

TO A FAWLT

Husbands Andy and Julian Bamber-Smith have been awarded TripAdvisor's Travellers' Choice accolade for the best B&B in the world. In 2015, the couple bought and renovated a six-bedroom Torquay guest house and named it The 25. The style is bright and bold, with modern touches such as smart-room control via Amazon Echo, TVs with free movies on demand, high-pressure showers and heated mist-free bathroom mirrors. Little wonder they beat 1.2 million other entrants to the title. So, no Fawcety Towers jokes, please.
